

CROCHET – more STITCHES

Please note that worldwide crochet terminology is different. I have been crocheting since I was a little girl and was taught by my very special big sister. Therefore wording and techniques are my own ways other than images etc that are posted and credited.

DOUBLE TREBLE (dtr)

1. Yarn over hook 4 times.

2. Feed crochet hook into chain stitch.

3. Yarn over hook and pull through chain stitch.

4. You are left with 5 "loops" on hook.

5. Yarn over hook and pull through 2 "loops". You are left with 4 loops.

6. Yarn over hook and pull through 2 "loops". You are left with 3 loops.

7. Yarn over hook and pull through 2 "loops". You are left with 2 loops.

8. Yarn over hook and pull through final 2 "loops". You have now completed the double treble stitch.

Step by step images from Annie's Catalogue.

Credit Image – Annie's Catalogue

NOTE: I have used 3 "loops" on the hook instead of 4 loops as shown in Image 1 or Image a, for other patterns. You will get a slightly shorter stitch. Create away and experiment.

BOBBLE STITCH

Image of a Bobble
crochet stitch.

1. Yarn over hook once,
place hook through chain
stitch and pull yarn
through chain stitch.

2. You have 3 "loops" left on
crochet hook.

3. Yarn over hook and pull
yarn through 2 loops. You
are left with 2 loops.

**PLEASE NOTE THAT THIS
STITCH IS WORKED IN THE
SAME CHAIN STITCH.**

PLEASE NOTE THAT THESE CROCHET STITCHES ARE SOMETIMES KNOWN AS POPCORN OR PUFF. They all vary slightly, but have the same effect/look.

First Bobble Stitch

Ch 3.

Yarn over.

Insert your hook into the same st as the sl st join. Yarn over again and pull up a loop.

Yarn over again and pull through 2 loops. This will leave one loop of the dc still on your hook. {2 loops on hook}

Yarn over and insert your hook into the same st. Yarn over again and pull up a loop. {4 loops on hook}

Yarn over again and pull through 2 loops. {3 loops on hook}

Yarn over...

... and pull through all 3 loops on your hook. This is your first Bobble.

Note:
Sometimes Bobble Stitches start with a ch-2 instead of a ch-3.

Subsequent Bobble Stitches

Bobble Stitches are typically separated by chain stitches (for example ch-2 or ch-3 between Bobbles). This will be indicated in individual patterns.

Yarn over and insert your hook into the next dc. Yarn over again and pull up a loop.

Yarn over again and pull through 2 loops. This will leave one loop of the dc still on your hook. {2 loops on hook}

Yarn over and insert your hook into the same st. Yarn over again and pull up a loop. {4 loops on hook}

Yarn over again and pull through 2 loops. {3 loops on hook}

Yarn over and insert your hook into the same st. Yarn over again and pull up a loop. {5 loops on hook}

Yarn over again and pull through 2 loops. {4 loops on hook}

Yarn over and pull through all 4 loops on your hook.

Popcorns, Bobbles and Puff stitches are all stitches where a group of stitches are worked together.

Bobble Stitch

The Bobble stitch is one of my favourite stitches.

The secret to success with this stitch is to always remember that the Bobble is made on the wrong side of your work!

The stitches either side of the bobble must be at least half the height of the bobble. If your bobble is made with dc then the stitches either side should be a sc, if you are making tr bobbles the use hdc either side.

Normally a bobble stitch is worked in three rows or rounds. First a foundation row of sc worked on the right side of your work, then turn to wrong side and make the bobbles with sc between, turn again to the right side and finish with another row of sc.

This photo shows tr bobble, five tr are made in the same way as a cluster but *without* the closing chain one. You can see the stitches either side of the bobble are hdc. Also note how as the following hdc is made it pulls the bobble down making it pop out on the right side of the work.

Here you can see the effect of different numbers of stitches used.

Treble Bobble

Double Crochet Bobble

Popcorns

To make a popcorn stitch:

Make five dc in the same stitch.

Remove hook from last loop.

Hook through first dc and last dc and pull through.

Chain one to close the stitch. This chain one is not counted in any stitch count as it is part of the Popcorn stitch and pushes the stitch forwards making it “pop”.

Puff Stitch

Essentially a puff stitch is a group or cluster of half double crochet stitches.

To make a Puff stitch:

Yarn over, put hook through indicated stitch and pull up a loop to the height of surrounding stitches.

Three loops on hook.

Repeat three more times.

Nine loops on hook.

Yarn over and pull through all nine loops and close with a chain one to secure the stitch.

With normal stitches either side of the puff stitch an extra dimension of texture is added, with spaces either side of the puff stitch more focus is drawn to the puff stitch for decorative purposes.
